

VOSH INTERNATIONAL APPLICATION FOR OPHTHALMIC MATERIALS

Welcome to VOSH INTERNATIONAL'S site to request surplus Optometric equipment donated by practitioners from the USA and Canada. We hope we can help your program to achieve better patient care and professional capabilities with our help.

Keep in mind that preferences will likely be given to:

- 1) Clinics associated with educational institutions devoted to the training of optometrists and other ophthalmic professionals**
- 2) Truly non-profit institutions**
- 3) Organizations with the infrastructure to provide long-standing use and maintenance of the equipment**
- 4) Organizations with a history of community service to disadvantaged patients**
- 5) Institutions with personnel having the appropriate professional credentials**
- 6) Organizations willing to interact and share resources with other national and international optometric institutions. Even further, organizations with such history**
- 7) Organizations with long-range plans to expand their programs and services**
- 8) Organizations within countries with a critical need of primary eye care services**

Complete the following information requests and forward it to our web master at www.voshinternational.org (need more specific address!)

Name and contact information of person making this request:

Name of facility:

Address of facility:

Type of facility (school, hospital, clinic, etc.):
